

Kodol

Dyspepsia Cure

Digests
what you
Eat

When the stomach is diseased all the other organs suffer, hence fatal diseases of the heart, liver, lungs and kidneys are often the result of improper digestion. Kodol, Dyspepsia Cure contains all the natural digestive fluids and by digesting what you eat, it cures the indigestion without aid from the stomach, allowing it to rest and regain its healthy condition and permitting you to eat all the good food you want.

"My rest is often disturbed at night by irregular heart action which I believe is on account of my stomach being overloaded with undigested food. I keep a bottle of Kodol Dyspepsia Cure nearby and a small dose always gives me instant relief." Ed. Thomas, Leitchfield, Ky.

It can't help but do you good

Prepared by E. C. DeWitt & Co., Chicago. The 51. bottle contains 254 times the 50c. size.

The favorite household remedy for coughs, colds, croup, bronchitis, grippe, throat and lung troubles is **ONE MINUTE Cough Cure**. It cures quickly.

WM. WARNER, GEM PHARMACY, 113 HOWARD ST.

"MY LADY" THINKS OF THINGS OF BEAUTY

Many a Delightful Gown Is Planned During Stormy Days of March.

"With silken coats, and caps, and golden rings, With ruffs and cuffs, and farthingales, and things; With scarfs, and fans, and double change of heavy, And amber bracelets, beads and all this knavery."

Hurricanes may blow, winds howl and bluster, snows flurry or rains pour in torrents, still March is ever a month of delight to the woman of fashion, for it is then she gives herself over to the thoughts of finery. It is at this time that the dainty, diaphanous robes which transform the severe and staid, tailor-gowned winter maiden into the ethereal creature known as the "summer girl," are conceived and oftentimes executed.

There is perhaps no part of her wardrobe which gives a woman more genuine pleasure than the lingerie and these dainty garments are often made with her own fair fingers. A peep into a girl's boudoir just now gives a vision of billows of sheer white cambrics and laces, and embroidered ribbons with delicate ribbons galore. Petticoats are made of the sheerest of laces and cambrics or the finest muslins and are embellished with beautiful stichings, tucks, embroideries and laces in endless variety. Some exquisite designs show a deep flounce of cambric adorned with row upon row of fish-eye inserting set into, not over, the lawn and finished with a deep ruffle of fish-eye lace. Corset covers are made in all sorts of pretty fashions, the ones with a short skirt, shoulder straps and trimmed with several rows of inserting, seeming to be the most popular. One of the most charming things shown in the stores in corset covers is a dainty creation ending at the waist line and made of alternate rows of lace inserting and fluted lawn, the entire garment being accented by ribbon straps, with the ends of bows on the shoulders, completing the fascinating garment which throws every woman into an ecstasy of delight when she sees it, and takes her breath when she asks the price; for though the dainty little piece of muslin, lace and ribbons could almost be concealed in one hand it costs \$2.

Some of the new morning jackets are "dreams of beauty." These dainty articles of apparel are made of delicate swisses, lawns and cambrics, and are embellished with laces, insertings, ribbons and row upon row of infinitesimal tuckings. The sleeves of the morning jackets come to the elbow and have a tendency to expand which reminds one of the balloon sleeves of a few years ago.

Next to lingerie the spring wrap is taking up much of "my lady's" thoughts, and though there is an in-

finite variety of stylish, natty jackets ranging from the plain Norfolk to the dressy Eton and blouse jackets, yet it is probable that the black taffeta raglan will out distance every competitor in popularity.

These black taffeta coats are shown even in the children's department and little tots, but three or four years old will wear them, though the sombre tone will be relieved by wide collars of white lawn tucked and embroidered or if fluen in natural colors and finished with point Venice lace. Another new wrap which will undoubtedly attain great popularity is the long, rainproof, fan-back cloak, which is neatly belted in at the waist.

Ready-made tailor suits can be purchased this year for from \$8 to \$50. Some of the handsomest designs are made without linings and have a drop skirt of taffeta, finished at the bottom with an accordion pleated ruffle. The ready-made suit is growing in popularity and as most firms employ an expert tailor to make any alterations necessary, few ladies find trouble in having properly fitted, while there is a certain finish and style about the ready-made suits that dressmaker suits invariably lack. A new feature of the ready-made department this year is the natty duck sailor suit for young girls and thin lawn gowns in delicate colors and styles without num-

THE MARCHIONESS.

INDIGESTION.

Is the cause of more discomfort than any other ailment. If you eat the things that you want, and that are good for you, you are distressed. Acker's Dyspepsia Tablets will make your digestion perfect, prevent Dyspepsia and its attendant disagreeable symptoms. You can safely eat anything, at any time, if you take one of these Tablets afterward. Sold by all druggists under a positive guarantee. 25 cents. Money refunded if you are not satisfied. Send to us for a free sample. W. H. Hooker & Co., Buffalo, N. Y.

UNEXPLAINED.

New York, March 8.—In the House of Lords, Earl Carrington has referred, says a dispatch from London, to the Tribune, to the ugly rumors which are prevalent with regard to contracts for the supply of wines and spirits for the forces in South Africa. He wanted the government to throw light on the matter, but Lord Raglan declined to give any information.

RUBBER NEWS

Inventor of Rubber Soled Shoes.

James Dick Was Prominent in Rubber Trade.

A look backward at the era of high prices for crude rubber that has just come to a somewhat sensational close develops the interesting fact that through it all the manufacturers were not only uniformly busy but new factories were successfully started, old ones enlarged, and a general prosperous condition prevailed, says the India Rubber World. Looking forward to a twelvemonth, at least, of low prices, it is a significant fact that the belief that the good times will continue is not held because of the low price of crude material. As a matter of fact, the high or the low quotations have little effect upon the manufacturer or upon the volume of his business. It is the old, old story of the law of supply and demand.

Business promises to be good this year because other industries are flourishing. For example, the great companies who build mining machinery are full of orders. Part of the equipment that they use comes from the mechanical rubber trades, and be the crude material high or low the orders will come in just the same. And so it is in a hundred other industries, all of which contribute something to swell the vast sum total of manufactured rubber goods.

There will be, of course, among buyers those who will demand lower prices because of the present low price of crude, who will not understand that when the business is done on a large scale prices are based on average prices that cover long periods of time, not will they appreciate that other materials as necessary as rubber are still high, and that the labor cost, the mechanical equipment, the hundred and one factory and selling expenses are in no way diminished. Rubber manufacturers have, however, learned to appreciate this more and more, the result being that a drop in crude rubber no longer induces disastrous price cutting in rubber goods as it once did.

LA GRIPPE QUICKLY CURED.

"In the winter of 1898 and 1899 I was taken down with a severe attack of what is called la grippe," says F. L. Hewett, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with grippe." Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by all druggists. E. Steinbacher & Co., wholesale agents.

\$500,000 GIFTS.

New York, March 7.—Lieut. R. Evan Scholok, who recently returned from the Philippines, says according to a World dispatch from San Francisco, that General Zeno, of Cavite, a multi-millionaire, has offered to give \$500,000 to each American army officer who will marry his daughter.

Crippled Womanhood

No woman would hesitate a moment to have a physical deformity righted. Few women are lame and blind, but a majority of women to-day are crippled physically and mentally by female suffering. Irregular menses are sapping their lives and weakening their vitality. Bearing down pains, leucorrhoea and pains in the head, back, neck and limbs are disabling them so effectually that few women are found sufficient for all the demands of life. It is to these sufferers that

WINE OF CARDUI

is offered to-day. That Wine of Cardui will cure you is supported by the fact that 1,000,000 women have secured relief from this wonderful emmenagogue. There are few cases where Wine of Cardui has failed to give relief. Presented with these facts can you go on suffering when your druggist is waiting to sell you this remedy which will give you strong nerves and perfect health? You need not be a cripple. All druggists sell \$1.00 bottles of Wine of Cardui.

East Florence, Ala., January 6, 1901.

I thank you for your kind letter and if I can be of any help to sufferers I will do all I can. There is no reason why so many women should suffer so, for Wine of Cardui cures all female weakness. I have thought for a long time I would write and tell you what Wine of Cardui has done for me. I had been a sufferer for ten years with all that could ail a woman. Wine of Cardui has done me more good than all the doctors ever did. I just think I can't live without it. I keep it all the time. I have taken about ten bottles of it and have recommended it to a great many friends and it has done wonders for them. It is a never-failing cure for women. I hope all will try it.

L. E. HUMPHREY.

One of the Republican Candidates For Recorder.

Since it seems to have become popular with a number of the G. A. R. men who are candidates for county offices to dwell upon their services to the country as soldiers, the friends of Mr. L. E. Humphrey, of Richfield township, one of the candidates for nomination as the Republican candidate for Recorder, are directing attention to his record. They, however, do not mention his record with a view to using it as the principal reason for their working in the interests of Mr. Humphrey. They say he is the only candidate who represents the farmers, he being the only candidate living outside the city, and that his business quali-

lections fit him well for holding the office.

Mr. Humphrey is a son of Major Norris Humphrey, who at the time of the Civil War had four sons in the service. Mr. Humphrey went to the war, August 1, 1862, having enlisted at the age of 17, in Co. C, 115 O. V. I., remaining with his regiment until the finish. He wanted to, and did enlist in 1891, but his offer was not accepted because of his youth.

As to Mr. Humphrey's service to his party, his supporters say, it need only be stated that he has attended every Republican convention held in the county since the war, and has always been a worker in the ranks.

As to his business ability, he has worked for 12 years for one of the largest firms in the state, The Lake View Granite Co., and for the last ten years he has had charge of one of the largest farms in the State, The Lake Farm of Richfield, consisting of 2130 acres.

Woman's Trial

In the hope of helping the "helpless" sick and suffering women, we have a special offer from Dr. David Kennedy's Favorite Remedy.

Change of Life

Doctors and all medicine had failed to help her. Suffering from a chronic case of dyspepsia, she was unable to eat or sleep. One day a neighbor who had been cured told her of Favorite Remedy, she took it and says she
